RE: Addendum #1 - "Newport-Riverfront Commons Trail at Newport Festival Park Design Update"

The following additional information and addendums are the result of submitted questions through 12/7/2020.

1. Is there a designated DBE goal?
Answer: No
2. What is the level of Environmental Review required by KYTC?
Answer: The selected design firm will need to submit plans to KYTC, once developed, who will coordinate with DEA and SHPO on through programmatic agreement prior to authorizing SNK construction funds. The work directly underneath the Purple People bridge will need to be shown with enough detail to allow SHPO coordination/approval, to ensure that the work proposed isn't adversely affecting the integrity of the bridge and its National Register eligibility.
